

Diamond Ranking

Imagine if you lived close to this man-made hill of waste.
What do you think should happen? Should it stay or should it go?
Discuss ideas in your group and put your suggestions (with reasons)
onto the diamond rank grid to help you decide.

Ideas to discuss for the Diamond Rank:

The tip should be removed because it is ugly

The tip should be removed because it could be dangerous

The tip should stay as it forms part of the countryside

The tip should be removed so people can build on the land

The tip could be turned into a ski slope for everyone to use

The tip could become a mountain bike centre and be used for sport

The tip is made up of waste and should have been removed in the first place, long ago, so it should be flattened to put the land back as it was

The tip forms part of Wales's industrial past and should stay

The tip should be flattened so that builders can use the waste rock to make new bricks
